

Environmental Policy

We are committed to minimising the environmental impact of our operations. We will achieve this through our commitment to:

- Maintaining an EMS Management System in accordance with BS EN14001
- Effective management of our environmental aspects that may have an impact to our site and local area
- Prevention of pollution to land, air and water
- Continually improving our operations to ensure we minimise environmental impacts

This Policy Statement is achieved by:

- Compliance with all relevant legislation and requirements
- Regularly reviewing the environmental impact of our activities, endeavour to reduce our overall environmental impact and prevent waste and pollution using best practice techniques
- Involving employees in our environmental programme and provide necessary training to enable them to discharge their responsibilities
- Establish and communicate objectives to measure our environmental performance and improvement.
